CONDITIONS OF SALE

Bidding

1. The placing of a bid will constitute acceptance of the conditions of sale.
2. All bids are per lot as numbered in the catalog. The right is reserved to withdraw any lot or lots and to group two or more lots.
3. Lots are sold to the highest bidder at one advance over the second highest bid. The auctioneer shall regulate the bidding and in the event of any dispute the auctioneer's decision shall be final.
4. The auctioneer shall not be liable for errors and omissions in executing instructions to bid.
5. Unlimited bids and bids believed not to be made in good faith will be respectfully declined.
6. Minimum bid on any lot is \$50.00.
7. All lots will be sold at the price for which they are knocked down by the auctioneer, plus a commission of 15%.

Payment of Purchases

8. Successful bidders will be notified of lots purchased and must remit before lots are delivered. Persons who are known to us may, at our option, have purchases forwarded for immediate payment.
9. Terms are immediate payment in U.S. funds on receipt of the invoice. Payment by credit card will be subject to a 2% service charge.
10. The mode of shipment shall be at our option unless we are given specific instructions. A minimum charge of \$1.50 will be made in addition to postage, insurance, and handling.
11. Successful bidders agree to pay for lots as specified above and no credit is extended. For overdue accounts a late charge of 5% per month (minimum \$30.00) will be charged. Accounts are considered overdue after (30) days.

Quality

12. Any lot, the description of which is incorrect, is returnable within ten (10) days of receipt and must be received within four weeks from the date of the auction. All disputed lots must be returned intact in the condition received. The following lots may not be returned without prior approval: lots from buyers who have had the opportunity to examine them before the sale; lots described as having defects or faults may not be returned because of faults; and, lots in which the buyer has bid more than double our estimate. No illustrated lot may be returned because of centering, margins, or other factors shown in the illustrations.

Authenticity

13. All lots are sold as genuine, but should any lot be proved otherwise by written opinion of any responsible authority acceptable to us, immediate refund of the full purchase price will be made, provided we are notified in writing within 14 days from date of sale that an opinion is being sought. If claim is not made within this period, no lots are returnable for any reason at any time. We will not be responsible for any charges incurred by the buyer for expertization fees and costs unless the opinion states the item is not genuine, in which case we will pay actual costs up to a maximum of \$100.00. In the event an item is proved "not as described" it is returnable for a full refund. Any lot which has a certificate dated within the last five years is sold in accordance with the certificate and is not returnable for any reason including an opinion obtained in a new certificate after the sale. While we occasionally suggest what grade a coin may receive if certified, we do guarantee that grade (or any other grade) if a coin is submitted for certification.

LOT	U.S. COINS		VALUE	
80	1882-CC MS63 pure white.	EST P	280-350	SE
81	1882-CC MS63 in GSA box w/ papers. The subtle champagne toning on the rev of this coin that today would be looked upon as a positive feature, wasn't viewed as favorably in the 1970s when the GSA auctioned the government's Carson City hoard. This coin was offered in the "Mixed CC Dollars" category instead of the "Uncirculated" category despite being a fully mint-state coin. The rev toning is the likely reason. Bidders could obtain "Mixed CC Dollars" for \$15 each, whereas the "Uncirculated" coins required a starting bid of \$30 or more.	EST P	250-300	SE
82	1883-CC MS60 in a GSA holder w/ papers. This coin is blast white w/ semi-prooflike surfaces but an inordinately large number of bagmarks keep it somewhere in the lower mint state grades.	EST P	240-280	SE
83	1884-CC MS60+ pure white in GSA pack w/ papers.	EST P	240-300	SE
84	1884-S XF+ brightened. Ample detail but a polished appearance. Still ok.	EST P	135-160	SE
85	1885 PCGS MS64 lovely rainbow toning on obv & rev.	EST P	80-110	SE
86	1885-CC MS63 pure white w/ a small streak of peripheral toning on the obv K6 to 11.	EST P	575-675	SE
87	1886 PCGS MS64 lovely light peripheral toning on satiny fields.	EST P	80-110	SE
88	1887 NGC MS64 (original series "old fatty" holder) frosty appearance w/ beautiful toning around the periphery.	EST P	80-110	SE
89	1896-S VF original w/ medium toning and nice highlights. Even in this grade, the 96-S is hard to come by. A very difficult coin XF and above as the price guides indicate.	EST P	80-115	SE
90	1899 VF perfectly original.	EST P	105-130	SE
91	1899 AU+ beautiful original predominantly white w/ light toning in some of the recessed areas around the periphery	EST P	150-200	SE
92	1899-O PCGS MS63 (OGH). Beautiful rainbow-toned rev, lovely coin for the grade. Probably MS64 by today's standards.	EST	62-75	SE
93	1903 MS63++ A small hairline patch by Liberty's eye (barely visible even w/ magnification) is the only thing keeping this coin out of the gem category. Lovely white coin w/ good luster and mark-free surfaces.	EST P	125-150	SE
94	1903-O VG+ and brightened. Too bad the coin endured some poor treatment because the 1903-O is one of the rarest Morgan Dollars in a circulated grade.	EST P	300-350	SE
95	1904-S VF original light grey. Even though this coin is in a "lower" grade, it's too pretty to ignore.	EST P	60-75	SE
96	1921-S MS63 predominantly white (mottled toning on rev.) Only small marks on the upper cheek and neck keep it from a higher grade. A pleasing example of this surprisingly scarce date often overlooked.	EST P	80-110	SE
97	(20) 1878 Round Breast // 1897-O commons w/ dup most VF to XF+ originals.	EST	525-600	HWC-ROLL
98	(20) 1878 // 1899-O commons w/ dup most VG to F+ originals.	EST	500-600	HWC-ROLL
99	(20) 1878 // 1902 w/ minor dup most grade XF to AU+ original. A few show attempts at cleaning still a sound group.	EST	460-560	HWC-ROLL
100	(3) Diff CC-Mint incl 1878-CC F+, 1882-CC G+, & 1890-CC VG. All have been rather harshly cleaned but still good fillers for a lower-grade set.	EST	250-300	SE

229	1928E \$1 Silv Cert *Star* note F-1605* S/N *36626429A PMG Choice About Unc 58EPQ. The rarity of this note speaks for itself as fewer than 10 examples of this issue likely exist in all grades combined! This PMG AU58 EPQ example is the second-finest known (incredibly, a Gem Unc 65 example exists.) Were it not for a vertical fold in the center, the note is new in all respects w/ great embossing (noted on the PMG label) with exceptional paper quality. Star notes of this series are extremely rare and carry a Greensheet value of \$30k in AU50. Surely, this offering will represent a trophy item for any collection. (Ernest M. Nepa Collection)	EST P	30,000-40,000	HWC-SE
230	1935A \$1 Silv Cert "R" Experimental F-1609 S/N S71846889C PCGS 67 PPQ! Deep embossing and broad even margins. Both major grading services have graded only three higher out of 839 submissions. Simply outstanding in every respect. (Ernest M. Nepa collection.)	EST P	1,100-1,400	HWC-SE
231	1935A \$1 Silv Cert "R" Experimental Note w/ *Star* F-1609* S/N *91183609A PCGS 65PPQ. The second finest known. There are only two examples graded at this level with one higher. In 2017, a PMG 65EPQ sold for \$17,272 and in 2014, the present note sold for \$16,450. Needless to mention, the note is bright, well-centered, and has excellent embossing. 232	1935B \$1 Silv Cert F-1611 S/N M00493843D PCGS Fine 15. The significance of this note is that M-D is the tail block for this series. They are quite rare with book values at \$500 in VF. An opportunity for the specialist. (From the Ernest M. Nepa collection.)	EST P	300-450	SE
